The Virtual EOC

VEOCI ADMIN BOOT CAMP

Upcoming Dates:
August 15 – 16, 2017

A two-day Veoci Admin Boot Camp will be held in New Haven for those implementing Veoci in their organizations. The skills learned at this training will enable students to configure Veoci for use in both day-to-day operations and emergency response. Participants will learn how to improve current processes by replacing phone calls, paper forms, email, Excel, and other limiting tools. Students will leave with a strong grasp of Veoci's capabilities and creative ideas for addressing their organization's business needs.

The course will consist of lectures, demonstrations, hands-on training, with individual and group exercises. Veoci will provide each class participant with a workbook containing the agenda and course slides. Coffee and snacks for break times, lunch on both days, and a dinner with the Veoci team are included at no cost to class participants.

Participants are required to bring a laptop with wireless Internet capability and a power cord.

Price: \$950 per student (unless otherwise negotiated)
