VEOCI PRICING ASSUMPTIONS							
* All End User License pricing is for a quantity of one license for one year, and volume and annual fee prepayment discounts are available.							
** All Solution and Integration prices are one time base prices that could incur additional cost after scoping and / or configuration to meet your specific requirements.							
*** All Solution, Integration, and Professional Services prices assume this scope is performed by Veoci, US personnel. We are assuming all work will be done by US resources, to be compliant with TX-RAMP requirements. Less costly options exist if trusted offshore resources are permissible.							
**** All Integrations have a one time implementation fee, and then an annual maintenance fee after Year 1.							
***** Custom Training at Client Location has a base price that could incur additional cost after scoping to meet your specific requirements. Travel and Living Expenses are not included and will be billed separately as actual and realistic expenses.							
***** Per DIR POLICY - The DIR CUSTOMER PRICE contains 0.75% DIR Administrative Fee and it will be AUTOMATICALLY calculated once all other cells are filled. For reference purposes, the formula to calculate DIR Customer Price is: DIR Customer Price = MSRP x (1-DIR Discount%) x (1+0.75%)
